In her gripping and deeply moving memoir, *Blood Moon*, Cuthew shares her experiences with raw honesty and compassion. She transports us into the heart of the pandemic, where we meet the patients who fought for their lives, the families who were torn apart by grief, and the healthcare workers who gave everything they had to save others.

## A Nurse's Perspective

Cuthew's unique perspective as a nurse gives *Blood Moon* an unparalleled depth and richness. She writes with authority about the challenges and triumphs of providing care in a pandemic, and the profound impact it had on her life and the lives of her colleagues.

Through her vivid storytelling, we witness the highs and lows of hospital life during the pandemic: the moments of heartbreak and loss, but also the moments of hope and redemption. We see the courage and dedication of healthcare workers, and the resilience of patients who refused to give up.

## **A Personal Journey**

Blood Moon is not only a chronicle of the pandemic but also a deeply personal journey. Cuthew shares her own struggles with anxiety and depression, and how the experience of working on the front lines tested her limits. She writes with candor about the emotional toll the pandemic took on her, and the ways in which she found strength and healing.

In telling her story, Cuthew gives a voice to the countless healthcare workers who have been through similar experiences. She captures the fear, the exhaustion, and the resilience that defined this unprecedented time in history.

## **A Call for Compassion**

Blood Moon is not only a powerful memoir but also a call for compassion. Cuthew reminds us of the importance of valuing healthcare workers and supporting them both during and after a pandemic. She also challenges us to reflect on the lessons we have learned from COVID-19, and how we can create a more just and equitable society in its wake.

In the end, Blood Moon is a testament to the strength of the human spirit. It is a story of courage, resilience, and hope that will stay with you long after you finish reading it.

Lucy Cuthew's Blood Moon is a must-read for anyone who wants to understand the impact of the COVID-19 pandemic on healthcare workers and society as a whole. It is a powerful, moving, and ultimately inspiring account of one of the most challenging times in modern history.
