Ali's exile began in 1967, when he was drafted into the U.S. Army. Ali refused to serve, citing his religious beliefs, and was convicted of draft evasion. He was stripped of his heavyweight title and banned from boxing for three years.

During his exile, Ali was a pariah. He was vilified by the media and the public, and he lost his fortune. But Ali never gave up hope. He continued to train and to speak out against the Vietnam War.

In 1970, Ali's exile ended when the Supreme Court overturned his draft evasion conviction. Ali immediately returned to the ring and began his comeback. In 1971, he defeated Joe Frazier in the "Fight of the Century" and regained his heavyweight title.

Ali's exile was a defining moment in his life and in the history of boxing. It was a time of great adversity, but it also showed Ali's indomitable spirit. *Muhammad Ali: Fifteen Rounds in the Wilderness* is the definitive account of this extraordinary period in Ali's life.
